T. W. Pue Addresses ABC Meet In New York

T. W. Pue, president of Sun Publishing Co. Ltd. returned over the weekend after addressing a sectional meeting of the Audit Bureau of Circulation. This was the first annual meeting of ABC to be held in New York in 45 years.

The headquarters for the convention was the Biltmore Hotel, which is situated in downtown Manhattan, six blocks from the United Nations building.

The Audit Bureau of Circulation is a voluntary organization established to conduct audits of circulation claims of magazines and newspapers. The Bureau reports its highest membership in history at the present time.

The following weekly newspapers, published by Sun Publishing Co. Ltd., are members of the Bureau:

The Edmonton Sun, Morinville Journal, Smoky River News, Eagle Review, Mannville Mirror, Thorhild Tribune, and Lac Ste. Anne Chronicle.

John J. Shinners, publisher of the weekly Times-Press, Hartford, Wisconsin, is the weekly newspaper representative on the board of directors of ABC. Mr. Shinners presided at the meeting addressed by Mr. Pue.

Farmers At Lac la Biche Allowed 300-Bushel Quota

A light fall of snow on Oct. 20 put an end to harvesting for the present. Although the snow soon disappeared, cloudy weather has prevented the stooks and swaths from drying. Much of the grain threshed to date has graded tough due to the unsettled weather throughout the fall season.

Grain buyers report that frost damage is sufficient to keep grades down, with a large percentage of the wheat crop grading No. 4.

The quota system allows each permit holder to deliver only 300 bushels of wheat, 500 bushels of barley, and 1000 bushels of oats on the first quota, which has the effect of preventing storage space in elevators from being overloaded. No shortage of box cars has been evident as yet.

Estimates of harvesting completed vary all the way from 50% to 90%. Very little of the grass and legume seed crop has been harvested and farmers are hoping for an Indian summer to give them the opportunity to finish the task.

MODERN DAIRY BARN TO OPEN

Of special interest to milk producers is a special section in Alberta Country Life this week devoted to the new loose housing and modern picture window milking parlor to be officially opened Nov. 2 by George and Gerry Hipkin, Edmonton. Full details in Country Life.

Beer Floats On Air In Transit

CALGARY — Carload of beer, shipped by Canadian Pacific from Lethbridge to Edmonton and protected by an inflated air bloc to prevent shifting within the car, reached its destination in perfect condition, W. E. Leeson, supervisor of loss and damage prevention for the CPR, said.

The shipment was the first test to have been made in Canada of the use of inflatable rubber dunnage for this purpose. Its advocates claim it reduces breakage and that it is cheaper and quicker to use than other methods of shoring cargo now in use.

Normandeau

Mr. and Mrs. Francis Gervais and children of Edmonton were visitors at the home of Mr. and Mrs. Omer Lamoureux.

Level Of Lake Begins To Drop

LAC LA BICHE — The level of the lake is definitely dropping, although not at a spectacular rate.

The flow of the Owl river, which empties into Lac la Biche, is reported to be dropping at a favorable rate, so that the record high has apparently been reached and the district is hopeful that conditions will now show a steady improvement.

Raffle Held By Grade 6 Pupils

The Lac la Biche grade 6 recently conducted a raffle to raise funds for the class room.

Mrs. J. Zaluzny was the winner of the first prize of $10, Rene Rizzoli won the second price of $5, and Mrs .Alex Boucher won the third prize of $3. Miss Walsh drew the tickets.

The class expressed thanks to all those who helped make the affair a success.

Home and School Hold Meeting

The Lac la Biche Home and School Association held its annual meeting in the Dr. Swift school, Friday evening, Oct. 28 at 8 p.m. The business meeting was followed by a social evening, at which lunch was served.

Everyone is welcome to attend these meetings which have been performing a useful service and are of mutual benefit to both the school and the home.

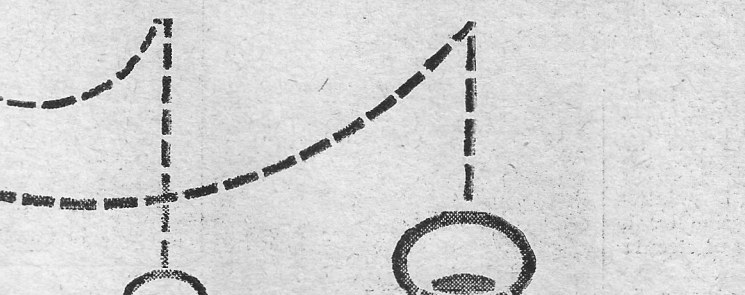
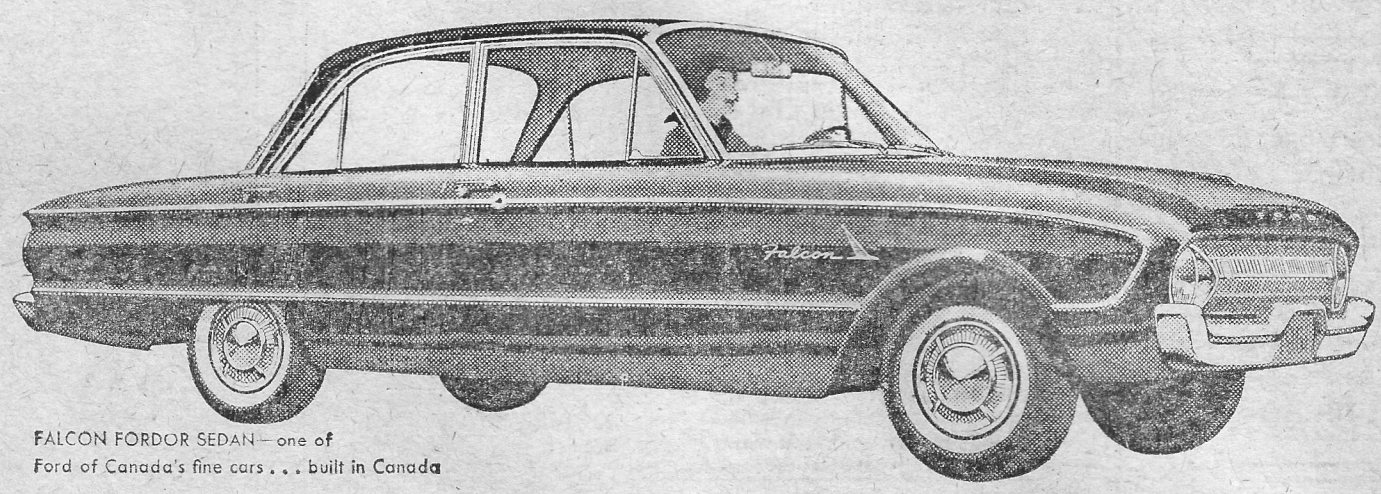
Every minute of every day for the past 12 months someone, somewhere, has bought a new Ford Falcon





FALCON FORDOR SEDAN—one of Ford of Canada's fine cars . . . built in Canada

Remarkable record for a new car, isn't it? But then, the Falcon is a rather remarkable car.

It has honest room for six, combined with handy size and dimensions that make it terrific for driving in traffic, a pleasure to park. It delivers up to 35 miles to a gallon, with 85 lively horsepower designed for Canadian roads and loads. (There's an optional 101 horsepower engine available in the '61 Falcon if you want even snappier performance.) The Falcon runs so smoothly and quietly you sometimes forget the engine is on. Trunk room is generous, visibility practically unlimited. And as for style, in all modesty, it really is a beauty!

433,440 Falcon owners (one for every minute of every working day) live all around the world. One of them lives in your neighbourhood. Why not have a chat with him yourself?

Variety Of Business Handled By County Of Athabasca Meet

At the County meeting held Oct. 13 and 14, the first item to take the attention of council was the reading, correction and approval of the minutes.

COMPLAINT

Then George Wiselka appeared with a complaint in regard to the impounding of his cattle. Investigation by the council led to the belief that the animals were incarcerated in an illegal pound, the rightful operator having died some time ago. A letter was given to Mr. Wiselka for presentation to the man keeping the cattle.

A letter was read from the Public Trustee in regard to the road for Henry Bartoshewsky. The Public Trustee is still unwilling to grant Mr. Bartoshewsky right of way across the quarter he is holding in trust. After some consideration the council decided to expropriate the road and let the matter go to arbitration if necessary.

A discussion of the Convention of Municipal Districts and Counties to be held at the Macdonald Nov. 15, 16, 17 and 18, led to the decision to send the whole council and the secretary.

John Good, of Ellscott, appeared before the council with a request to have his road brushed. He also expressed the desire that if the council entered into the Winter Works program this year, he would like to do the brushing. He also registered a complaint in regard to the condition of his road.

A request was made by the secretary to have the 1961 bridge requests sent in to the office.

NEW MAP

The secretary reported that A. H. Raymond was able and willing to undertake the work on a new county map. The council discussed it, and felt that it was a good idea and asked Mr. Rymond to attend the next meeting.

Permission was granted the Hospital Auxiliary to hold a tag day in Colinton on Oct. 15 and for St. Catherine's Altar Society to hold a bingo in Colinton on Nov. 17.

Correspondence was read from Northern Alberta Railways in regard to a railway crossing the Mile 80, N.W. 10-65-18. Councillor in the area will report.

Request was granted to erect signs limiting the bridge at W/NW 11-65-22 to five-ton loads until a new bridge was constructed.

A lengthy discussion in regard to participation in the Winter Works Program ensued. The main questions were shall the council participate? How much money will be spent? Shall application be made now for the total program or only the program to the end of the year? After some time the decision was made to participate and application will be made. This year workers must get their own clearance from National Selective Service.

Several road and damage complaints were heard and dealt with.

Permission was granted the Grassland nurse to attend the Civil Defence Orientation Course in Edmonton. She was also granted mileage when using her car on calls.

Approval was given to an extension to the Perryvale R.E.A.

PLANNING BOARD

The Town and Rural Planning Board had several applictions to place before council for approval. Two were approved without question; one was held at the request of the appelant; and a proposed subdivision at Island Lake was approved providing all roads, streets and lanes within the subdivision be provided and maintained by the applicant.

Decision was made to contribute $20 to each branch of the Canadian Legion (Athabasca and Boyle) at Remembrance Day.

The TV equipment and gift card has been received from Construction Equipment Ltd. for presentation to Pleasant Valley Lodge. Council is waiting for completion of the Cable TV for installation.

The time for payment of the Seed Grain Loan has been extended by the Treasury Branch to Dec. 31, 1960. Hope was expressed that the outstanding accounts would be paid by that time.

Ellscott

Mr. and Mrs. Melvin Weigl of Edmonton were weekend visitors in this district.

Mrs. Margaret Alexa and family and John Eckles of Consul, Sask were recent guests at the home of Mr. and Mrs. P. Pelsma.

John Good has been a patient in the Athabasca Hospital recently.

Myrna Keep is now visiting with Mr. and Mrs. Bill Johnston of Calgary.

Mrs. Paul Gramiak and family of Faust have been holidaying with Mrs. Gramiak's parents, Mr. and Mrs. Gordon Madden.

Mrs. Mike Bochansky and family of Gibbons have been visiting with Mr. and Mrs. Hans Hofmann.

Mr. and Mrs. Wolf Nonnenmacher of Edmonton were weekend guests at the home of Mr. and Mrs. Otto Herrmann.

Mr. and Mrs. Albert Oleshko of Edmonton spent a recent weekend with Mrs. B. Malmedal.

Diane St. Jean and Ben Germain Pledge Vows At Breynat Church

AVENIR — A beautiful wedding ceremony took place in Breynat St. Therese parish church when Miss Diane St. Jean, daughter of Mr. and Mrs. Theodule St. Jean of Avenir, exchanged vows with Mr. Ben Germain, son of Mr. and Mrs. Arthur Germain of Breynat.

The ceremony was performed by Rev. T. Pelletier.

Given in marriage by her father, the bride was radiant in a long white lace dress in bouffant style. Her short veil was held by a wreath decorated with pearls with necklace and ear-rings to match. Her bouquet was of beautiful red carnations with long streamers of tiny red carnations.

The bridesmaids, Miss Pauline Germain and Miss Florence Putnam, wore three-quarter-length white brocade dresses with blue wreaths and blue accessories. Little Mariette Plamondon was flower girl, charming in a baby blue bouffant nylon frock with white accessories.

The groom wore a black suit accented with a corsage of white carnations.

The best men were Mr. Conrad Plamondon and Mr. Joe Germain, dressed in black suits with white carnation corsages.

A luncheon was served at the groom's home after mass.

A reception was held at the Community Hall in Plamondon. Supper was served for about 60 guests.

The mothers of the newly-weds were lovely in navy blue suits with orange ice corsages.

The fathers of the bride and groom wore black suits with corsages of white carnations.

The happy couple were the recipients of many beautiful gifts.

Music for the dance, held in the hall which was filled to capacity, was played by Chevigny Brothers' orchestra.

Mr. and Mrs. Ben Germain will reside at Breynat.

Out-of-town guests included Mr. Onezime Plamondon of Richmond, B.C.; Mr. and Mrs. Harvey St. Jean and family of Edmonton, and Mr. and Mrs. George Dupperon of Drayton Valley.

Wandering River

The district school students recently enjoyed a two-day holiday while the teachers were at convention in Edmonton.

Miss Yvonne Proulx has gone to Lac la Biche where she is employed in the hospital.

Due to the second snow fall this season the farmers of the district are again delayed with their harvest operations.

FAUST — Born to: Mr. and Mrs. George McDermott, a baby boy; Mr. and Mrs. Marshall Willier, twins, boy and girl; Mr. and Mrs. Ernest McGillvery, a daughter.

Cultivated pearls are grown by the oyster, but under man's control.

Sarrail

Miss Minnie Shewts is now home for her two weeks' holiday.

Miss Joyce Hewko is now working in Calgary. Miss Hewko formerly worked in Edmonton but was promoted to Calgary.

Mr. and Mrs. Nick Kolmatisky and family and Mr. and Mrs. Mike Franchuk of Edmonton were visiting relatives recently.

Many residents of the district attended the wedding held for Miss Olga Nahriteinck and Mr. Joe Harnaka on Oct. 15 at the Frains Community Hall.

Gourin

Miss Denise Gauthier and her brother Jean Paul Gauthier will be employed at Plamondon for a short while.

Gordon Rudman and his little brother Randy visited their sister and brother-in-law Mr. and Mrs. Garry Drader at Swan Hills.

Armand Favennec and Paul Manard are helping with the harvest at Alvy Gauthier's place.

Many people from here attended the council meeting at Lac la Biche.

Mr. and Mrs. Henry Fortier of Fort Smith were weekend visitors of Mr. and Mrs. Victor Duperron.

Charles Rudman went on a business trip to Edmonton.

Thanksgiving weekend guests at the Albert Bourassa home were Mrs. Patrik and son Mike; Mr. and Mrs. Fred Slemko and son Denis; Mr. and Mrs. Clarence Slemko; Mike Kutney and son Ronnie, all of Plamondon.

It was reported that Gail and Gerald Bourassa picked a few wild strawberries on Oct. 18.

Mr. and Mrs. Tony Duperron and Mr. and Mrs. Louis Duperron of Breynat were dinner visitors of Mr. and Mrs. Edmond Ulliac.

Lawrence Ulliac spent a week's holiday with his parents Mr. and Mrs. Frank Ulliac.

The street south from Gourin corner is now under construction.

One of the busiest canals in Europe is the Gota, in Sweden. It is 115 miles in length.

Avenir

Onezime Plamondon is on a prolonged visit from Richmond, B.C. Mr. Plamondon is renewing acquaintances in the district.

Mrs. Aurel Plamondon has returned home from the General Hospital, Edmonton, where she underwent surgery.

Romeo Plamondon is back home from Yellowknife, N.W.T., where he drove a caterpillar tractor for three months.

Mr. and Mrs. Ben Germain are employed by Mr. and Mrs. Gordon Putnam in Grassland, who are erecting a barn.

Mr. and Mrs. Daniel Plamondon have moved into their new house.

Wilbert Plamondon is home from Fort Smith, N.W.T., and is helping his father combine.

New Booklet On Hog Producing Should Help Alberta Breeders

What makes a good hog man? Is it enough, today, to be a good breeder, or a good feeder, or to have a special knack for raising little pigs?

The answer to this question is "No", according to a new booklet just published by the Pioneer-Cafeteria feed people. They claim that successful hog production, today, depends on following a six-point "formula of objectives" . . . which is something like a road map that identifies the main landmarks along a stretch of highway.

First objective in the formula, they say, is to average "35 lbs. total weight per litter at birth". Second objective is to average "450 lbs. total weight per litter at 8 weeks old". Third objective is to average "2,000 lbs. per litter before 6 months old."

Fourth objective is "7 litters per sow in three years". Fifth objective is "1 lb. live gain per 3 lbs. of feed consumed." And the final objective is "75% of market hogs in the A-grade."

At first glance, some of these objectives may seem to be beyond the reach of the average hog producer, but the booklet goes on to outline a program of breeding, feeding, housing and health, which (it claims) will bring all six objectives within reach of all producers.

At any rate, it is a well-thought-out contribution to the Canadian hog-producing industry, which is currently in a state of change and reorganization, and is worthy of serious study. The title of the booklet is "Pork". Copies are available form all Pioneer - Cafeteria dealers.

Anglican WA Plans Pre-Christmas Sale

BOYLE — The October meeting of St. Paul's Anglican WA was held at the home of Mr. and Mrs. John S. Lund on Friday afternoon, Oct. 18 with three members absent.

It was decided to change the meetings from Friday to Thursday in future.

Plans were made for a pre-Christmas sale which will be held in the near future.

The next meeting will be held at the home of Mr. and Mrs. Sydney Alexander.

Maryanne Luba Elected President Boyle Junior High "Happy Gang"

Boyle Junior High School, The Happy Gang, assembled to appoint a nominating committee.

Election day was held with the following slate of officers elected: president, Maryanne Luba; vice-president, Beverly Anderson; secretary, Joan Coughlin; treasurer, Audrey Triska; social convener, Emily Radmanovich; girls' sports convener, Victoria Zallas; boys' sports convener, Theodore Pysyk.

Folowing the election a get-together frolic included games and initiation of the Grade seven students, the theme of which was 'Babies'. This proved appropriate for the occasion as the Grade sevens are juniors in Junior High School. The frolic concluded with lunch served by the Grade seven class.

Harvest Festival Service At Boyle

About 60 persons attended the Harvest Festival service held in St. Paul's Anglican Church on Sunday evening.

The front of the church was decorated with vegetables, canned goods, and flowers, which made a pretty setting for the occasion.

The vegetables and canned goods were sent to the boys' and girls' hostels in Athabasca.

Third Game Won By Boyle Football Team

BOYLE — The football game between the Athabasca and Boyle High School teams was played after school, Oct. 18, at Boyle.

The score was 31-6 in favor of Boyle.

This is the third consecutive win for Boyle, a record of which the team is proud.

New Principal For Horse Hill

The new principal of Horse Hill School is Francis J. Robinson. B. Ed., born in Alliance.

After serving in the CNR he attended the University of Alberta and received his Bachelor of Education. He then went to Calahoo School where he taught two years. He was principal for two years at Poplar Lake School and for six years at Camilla School at Riviere Qui Barre.

Mr. Robinson married an Edmonton girl and has three children, Mary Agnes age 8 years, Garrett four and Francis one.

Nothing is more rewarding than church work, and there is plenty of it to be done in every community.

Jeannette Gorgichuk and Andrew Lay

Jeannette Gorgichuk & Andrew Lay Exchange Vows In Bermuda Church

TWO HILLS — The First Baptist Church of Bermuda was the setting for a beautiful wedding when Miss Jeannettee Gorgichuk, daughter of Mr. and Mrs. Dan Gorgichuk of Two Hills, became the bride of Mr. Andrew Lay, son of Mr. and Mrs. J. J. Larkins, Birmingham, Ala.

The church was decorated with palm leaves and candelabra, cherry and spice branches with franjaponi and Queen of Shrug flowers.

The ceremony was performed by the Rev. William Womack.

Mrs. Helen Ferriera was organist. The soloist was Mr. Vincent Rosa who sang, "The Lord'sMy Shepherd", "Master Let Me Walk with Thee", and "My Jesus as Thou Wilt".

The bride was given in marriage by Dr. Howard Dickinson. For her wedding she chose a gown of imported Swiss eyelet lace over bridal satin in a style designed by herself which featured three flowing tiers and slightly dropped waistline, complemented with a key neckline. Satin rosettes trimmed the tiers and the hem of the skirt. She carried a bouquet of red camellia's and stephanotis over a white Bible.

Mrs. Betty Rosa was matron of honor and Misses Pat and Pam Tatem were bridesmaids.

Brenda Price was flowergirl and Bobby Womask was page. The attendants wore dresses of white nylon chiffon with red assessories and carried bouquets of white franjaponi and red poinsianas. The flower girl carried a basket of white oleanders.

The best man was Mr. John Mosteller. The ushers were Mr. Paul Planders and Mr. Guy Casteen.

Following the ceremony an outdoor reception was held in Tamarind Vale, Avallon, Bermuda.

The bride is a graduate of the University of Alberta in home economics. The groom is engaged in an Air Force career.

The happy couple spent their honeymoon in Bermuda and the southern United States.

Mr. and Mrs. Lay will reside in Corpus Christie, Texas, where Mr. Lay will study for the ministry at the University of Corpus Christi.

Lynx Bagged By Vilna Residents

Ronnie Boychuk and Alec Werstruk of Vilna while hunting ducks in the Stry district came across a lynx which jumped out of the bush chasing a prairie chicken.

They had quite a chase to get him and shot quite a few bullets before he fell. He was still alive when they reached him. He was three feet long from tip to tip.

Demerit System Resumed For Royal Canadian Sea Cadets

SMOKY LAKE—During the third parade of the current year for the Royal Canadian Sea Cadets, it was decided that the demerit system would be resumed. The cadets who retains the most merits until the expiration of the year will receive a .22 automatic rifle. The Navy League Cadet who achieves this goal will receive a football helmet.

Throughout the evening various classes were held. These classes included semaphore, instructed by Leading Cadet Shemeluck; foot-drill for the Navy League Cadets, supervised by Com. Officer Unguran, with the aid of AIB Robert Elaschuk and 2IC Douglas Buchanan and binds and notches, instructed by Com. Officer Garez.

AIB Robert Palamarek was officially appointed quartermaster. Ronald Ewashuik and Robert Elaschuk were assigned the duties of shore patrols.

All visitors are invited to these parades which are held every Thursday and commence at 7:30 p.m.

Oil Deposits Burned Off

Deposits of crude oil were being burned off along a 70-mile stretch of the North Saskatchewan River, almost a week after a pipeline broke at Devon, 20 miles upstream from Edmonton.

A landslide recently caused the break in the pipeline, dumping thousands of barrels of oil down a gully into the river.

Since then men in boats have been patrolling the river from Devon to the Waskatenau Ferry, 50 miles downstream from here. Whenever they spot an isolated pocket of oil, they burn it off. When this cannot be done, they drag the oil into the mainstream until it moves to a spot where it can be burned.

A log boom has been strung across the river just below the ferry to capture any oil which can't be burned off upstream.

Crews also have been warning farmers along the river against watering livestock in the river.

Redwater Offers Course In Math.

The Redwater High school is offering the residents of Redwater a senior matriculation course in mathematics 30 for those who feel they need it. Only six persons have accepted this offer so far and, if more do not come to class, H. Klufas might have to stop the course.

Mr. Klufas says that if enough people are interested in the course, or in any other Grade 12 course, he will be glad to supply teachers for them.

The classes are held on Tuesday evenings starting at 7:30 p.m. and lasting for about three hours. This is an excellent opportunity for adults and students alike and all are asked to support the school and attend classes.

Neighbors Search For Missing Woman

MUSIDORA — Mrs. Tachmar, 86-year-old resident of this district, has been missing since early Tuesday. She was wearing yellowish brown check coat.

Some 25 to 30 searchers are looking for the missing woman.

An RCMP was brought to the district Wednesday at 5:00 p.m. and is aiding in the search for the woman.

Mundare Students Hold Initiation

Funeral Held For Nick Aksenchuk

BEAUVALLON — Funeral service was held for Nick Aksenchuk, who passed away at the age of 73 years. Born in the province of Shiatyn, Austria, in 1887, Mr. Aksenchuk came to Canada in 1907 and lived for two years in the Chipman district. He then moved to the Myrnam district and married Miss Sophie Andreychuk in 1910. They had three children, one son Bill and two daughters Mary (Mrs. Spachinski) and Nancy (Mrs. J. Holobowich), all living in the Myrnam district.

Mrs. Aksenchuk predeceased him in 1943. Mr. Aksenchuk married Mrs. Maria Trach and they moved to the hamlet of Beauvallon where they had lived for the last 10 years.

Mr. Aksenchuk is sadly missed by his wife Maria, his son Bill and daughters Nancy and Mary.

Lorne Cunningham Injured In Mishap

VEGREVILLE—Lorne Cunningham met with an unfortunate accident on Friday, October 14, when he became caught in the farm machinery he was operating.

Clair Ziegler, working in an adjoining field, noticed something seemed to be wrong and came to his rescue. The extent of his injuries has not been determined as yet; one arm is broken.

Mrs. Cunningham and the children were preparing to move from town to the farm and were in the midst of packing. Some neighboring farmers backed a truck to the town house door and assisted with the moving of the furniture. Other farmers got busy in the field to finish taking off Mr. Cunningham's crop.

TIPS FOR PARENTS

By EDITH HENRY—Parents Education Associates

THERE are many differences among men in their culture, religion and traditions as well as in their political beliefs, but concern for the needs of children is universal and brings men closer together.

This is the opening statement of 'The Story of UNICEF', (United Nations International Children's Emergency Fund).

The needs of children: Two very small girls were playing on the sidewalk with a kiddie kar. Because of their inept handling the toy fell over One little girl went with it and began to cry.

The second child stretched out her arms and gently embraced her tiny companion making comforting scunds as she did so.

We know that it is in the early years when feelings of pity, kindness, love are developed.

As the child grows, he must now learn to show them not only within his own home, his neighborhood, community and country, but abroad towards the peoples of the world.

A practical plan to help him arriyes with Halloween.

All across Canada from the small villages of Newfoundland to the thriving cities of the middle and western provinces, groups of children are organizing to take part in "Halloween for UNICEF."

The younger children, perhaps dressed up, will go out carrying attractive little boxes which mark them as authentic collectors.

In them they will gather pennies for the world's children.

In this Halloween sharing our young people of whatever ages are becoming citizens of a new world indeed.

THE Homemaker

By BERTHA M. McCUTCHEON

One of the important principles in good buymanship of food is to use those which are in season. When fruits and vegetables are plentiful they are usually at their freshest as well as being seasonable in price. Now is the season for apples.

APPLES, THE FRUIT OF FINE FLAVOR

B. McCutcheon

For genuine eating pleasure no fruit can equal the Canadian apple. In it nature has achieved a masterpiece — beauty of form and color appetizing aroma, crisp juicy texture and delicate flavor. Canada's climate is especially suited to the growing of apples and to Canadians the apple is their national fruit.

Through constant study and scientific development great strides have been made in the apple industry. New varieties of apples have been developed, new sprays for controlling insects perfected and storage methods have been improved extending the fresh apple season by many months.

Apples have a wider variety of uses than any other fruit. They can be served with any course, raw or cooked, hot or cold, and are available in many forms— fresh, canned, frozen and dried.

BUYING. Buy apples by grade whenever possible. Buy apples by variety according to cooking and eating quality. Buy firm tart apples for cooking purposes. Buy the large amount that can be stored conveniently.

STORAGE. To retain their firmness and crispness apples should be kept cool at all times. In the home they should be stored in the refrigerator or in a cool humid room.

FOOD VALUE. Eaten in generous quantities, especially raw, apples make an important contribution to the diet. The sugar in the fruit is ready for immediate absorption to supply the body with energy. Apples contain some minerals and vitamins, the vitamin content varying with the variety of apple, storage conditions and the way the fruit served. Apples also provide stimulating acids, juices and bulk which aid in good digestion and intestinal activity. Because of their crisp texture eating raw apples provides exercise for the jaws and at the same time helps to stimulate the gums and clean the teeth.

This information is from a booklet APPLES put out by the Consumer Section, Marketing Service, Canada Dept. of Agriculture. There is a great deal more information and many recipes for using apples in novel as well as familiar dishes. You may receive your copy by writing to the above address or to BERTHA BcCUTCHEON, your District Home Economist, Westlock, Alberta.

Miss Shirley Fischer was a recent patient at St. Catherine's Hospital in Lac la Biche.

Miss Carol and Miss Valeris Belanger spent the Thanksgiving weekend at the Jessie Fischer home.

Many farmers started harvesting their crops again following the heavy rainfalls.

Miss Shirley Fischer is home from the hospital and is back at school.

Many happy faces went home from Grassland School on October 19 as they had an extra two day holiday. The teachers' convention was on October 20 and 21.

Many people of the district attended the Anglican Ladies' bazaar in Grassland on October 14.

Recent snow falls have delayed farm work. Many farmers report some grain and most of their hay seed still in the fields.

George Shapka and Mrs. Jessie Fischer made a trip to Edmonton recently to visit their mother Mrs. Jacob Shapka who is in the General Hospital.

Mr. and Mrs. Nicky Dribnaki are staying in Sandy Karpetz's house here. Mr. Dribnaki is going into the trucking business with Sandy Karpetz of Atmore.

Miss Nellie Fischer was a guest at the Schienzalors home in Grassland.

Council And Board Of Trade Hosts To Government Party

Innisfree village council and board of trade officials were hosts last week to a government party comprised of Ashley Cooper, MLA for Vermilion, A. W. Gordey, MLA for Vegreville, and Charles Harvey and James Acton of the provincial parks department. The party arrived at 10:30 a.m. and spent the major part of the day here, leaving at 4 p.m.

The group spent the morning at Birch Lake considering possible development of a park or camp site there, looking over the beaches for a spot which could easily be converted into a good swimming and bathing area.

Discussion of the findings followed in the afternoon with village mayor and secretary Walter Kravetz and Walter Tym, board of trade secretary William Taylor, Principal Chomik of the high school, and Mrs. M. Tym.

The visitors were shown the two new rinks which are under construction, the outdoor skating rink made possible by the provincial recreation grant, and the new three-sheet curling rink replacing the former two-sheet rink which has done service for many years.

Another new building nearing completion is one that will house the telephone exchange, added facilities being needed due to the recent change-over to 24-hour service which Innisfree and district exchange subscribers now enjoy.

FIRST VILLAGE to complete its paving plan under the Socred government's first five year plan, Mannville's main street was officially opened by Hon. Gordon Taylor, minister of highways. Looking on as Mr. Taylor cuts the ribbon are Ashley Cooper, MLA for Vermilion Constituency, left, and Albert E. Williams, mayor of Mannville. Mayor Williams recalled the year 1905 when ox-drawn carts were the mode of travel for this street. Two-hundred and 50 persons heard Mr. Taylor say that the new street would bring additional business and facilitate traffic.

New Manager For Real Estate Agency

The oldest Real Estate and Insurance Agency in Vermilion is now under new management. It was originally started by Charles Robinson in the early days. In 1946 Reg. Mitchell entered partnership with Mr. Robinson and the business was operated by the two partners until Mr. Robinson retired in 1951. Mr. Mitchell carried on alone under Mitchell Insurance Agency Ltd. until in 1955 when Angus MacMillan entered the company buying one half interest.

And in September of this year he took over sole ownership and the agency will in future be known as MacMillan Insurance Agency handling all types of insurance and real estate. Mr. Stan Bridgeman is on the staff.

Girl From Vermilion Serves In Missions

Betty Little of Vermilion is now serving as missionary in Netherlands New Guinea. She left Vermilion on Jan. 4 last, and, travelling by jet plane, arrived on the coast of New Guinea on Jan. 9. Stops were made in Seattle, Hawaii, Fiigi Islands and Australia.

Betty writes her parents, who are long-time Vermilion residents and implement dealers, that she likes her chosen work.

Conditions are primitive, there is no government and very few white people in the country. There are two other white girls and three married couples in her group, although they do not work together.

One highlight during the past few months was the arrival of a white couple who came in to study bird life.

The natives are primitive in their living but are found to be receptive to the Christian teachings and seem eager to learn.

There are no seasons in that part of the world. Each month is the same as the preceding and the following.

Betty will remain on this assignment for four years before coming out. She is a former telegraph operator in Vermilion and Wainwright.

Born and raised in Calgary, Mr. Yule attended the Washington State College for four years where he graduated with a bachelor of

Slides Viewed By Rotary Club

Members attending Rotary Club last week were shown twenty-five slides depicting the various phases of the official opening of the Alberta Legislature. The slides were accompanied by a commentary given by Ashley Cooper, Vermillion constituency MLA.

The speaker was introduced by Ross Boake in a humorist vein, and was thanked on behalf of the club by Warren Rosequist.

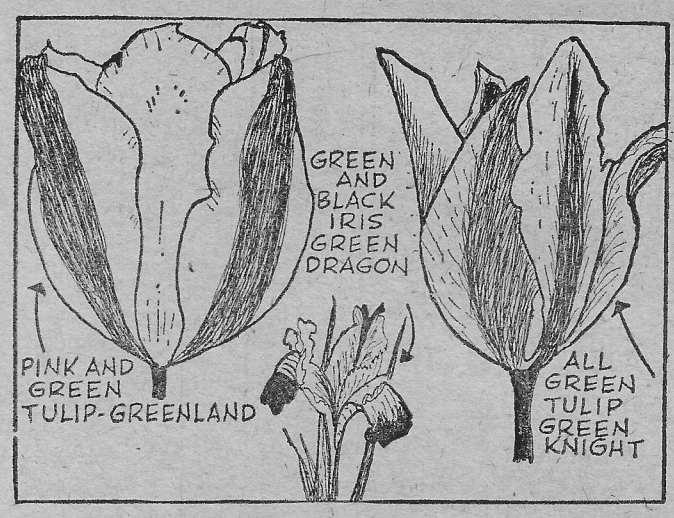
African Film Shown At Gospel Tabernacle

MANNVILLE— A fair crowd was present on Wednesday evening, Oct. 12, at the Gospel Tabernacle where Rev. John Sorochan presented an interesting film "In the Footsteps of Livingstone". The film told much of the African story, showing the marked changing face of Africa as she becomes educated and industrialization takes place and where 200 different languages are spoken in the Congo.

Rev. Mr. Schroeder introduced Mr. Sorochan who gave an informative account of African customs and the marked improvement in Christian areas. He also spoke regarding the first film produced by Rev. Emmanuel J. Heuer, who is well known to Mannville. The film showed picturesque beauty spots around the country side. Hymns were sung with musical accompaniment on film, vocal and organ. All present joined in the hymns of praise to Almighty God.

Garden Graph

By DEAN HALLIDAY



NEW AND UNUSUALLY COLORED FLOWERS

Many gardeners and especially those interested in flower arranging are always looking for unusually colored flowers.

As shown in the accompanying Garden-Graph, two striking tulips are Greenland and Green Knight. Greenland has large, long-lasting flowers which are a lovely rose-pink with light green on the outside and chartreuse inside of the petals. As these are new, order early.

A very unusual iris is Green Dragon. It is fragrant, with chartreuse to apple green flowers having black-purple markings. The bulbs are hardy.

Another tulip well worth growing is the Chinese Lantern tulip named Good Gracious. The color is rather difficult to describe: A combination of pink, salmon, orange and yellow gives the general effect of brilliant orange; inside is a brighter orange with a contrasting yellow base.

The chameleon tulip, Pink Wonder, will appeal to many. At first the flowers are white with faint red or pink markings on edges of petals. As flowers age, the pink or red suffuses the entire surface so that the coloring changes from day to day, hence the appropriate name "chameleon." Blooms can be forced indoors in February.

Information on where to procure these bulbs will be sent on receipt of request accompanied by self-addressed, stamped, return envelope.

JACQUES FAILLE, who has been local sales manager at Edmonton for the ammunition division of Canadian Industries Limited. Mr. Faille's territory includes all of Alberta from just north of Red Deer and the northeast corner of British Columbia. A native of Montreal, Mr. Faille was formerly Quebec district sales representatives for the ammunition division and succeeds W. E. Hicks who has been appointed western district sales manager and transferred to Winnipeg.

CNR Section Men Jump For Lives

FALLIS—The CNR section men narrowly escaped serious injury on the track a mile east of the Fallis railway station when a freight train unexpectedly rounded a curve. The men tried to save the speeder but as the train came nearer, they had to jump for their lives.

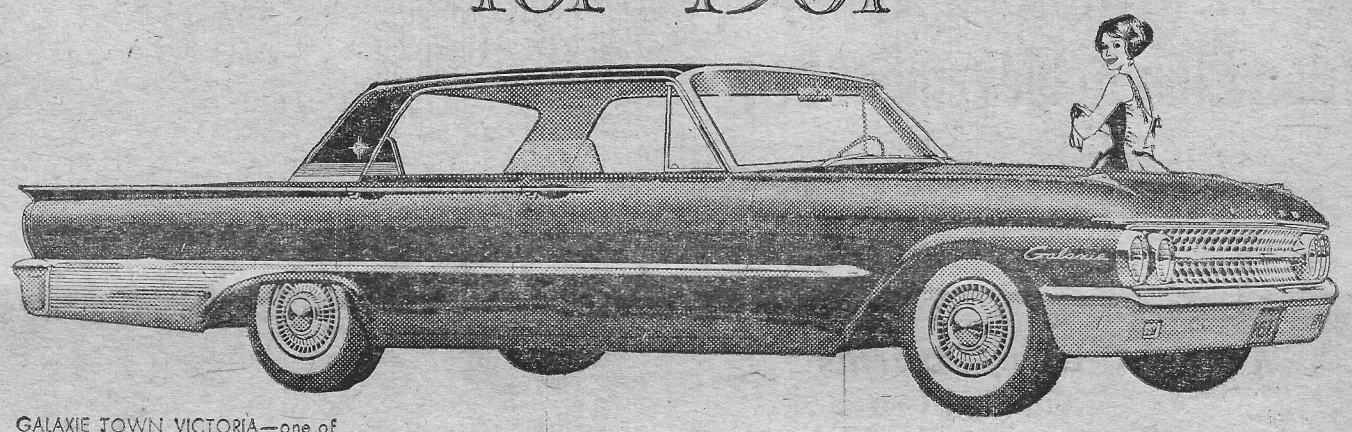
The Classic Ford Look for 1961



GALAXIE TOWN VICTORIA—one of Ford of Canada's fine cars . . . built in Canada

Canada's First Carefree Car

The automobile news for 1961 is all Ford. Carefree features combined with the Classic Look make these exciting new Fords a pleasure to drive . . . rewarding to own. Here's a car that promises lower upkeep and less operating expense. Here's a car that offers you elegance in every line. Although '61 Fords are shorter and narrower *outside* than last year, they still have every bit as much room on the *inside* where it counts. Pick out the model that's just right for you . . . slip behind the wheel and enjoy a new kind of comfort and ride. Drive a carefree '61 Ford soon at your Ford Dealer's.

Here is why '61 Ford is Canada's First Carefree Car

Lubricates itself—Your new Ford will normally go 30,000 carefree miles without chassis lubrication.

Cleans its own oil—The unusually thorough oil filtering system gives up to 4,000 carefree miles between oil changes.

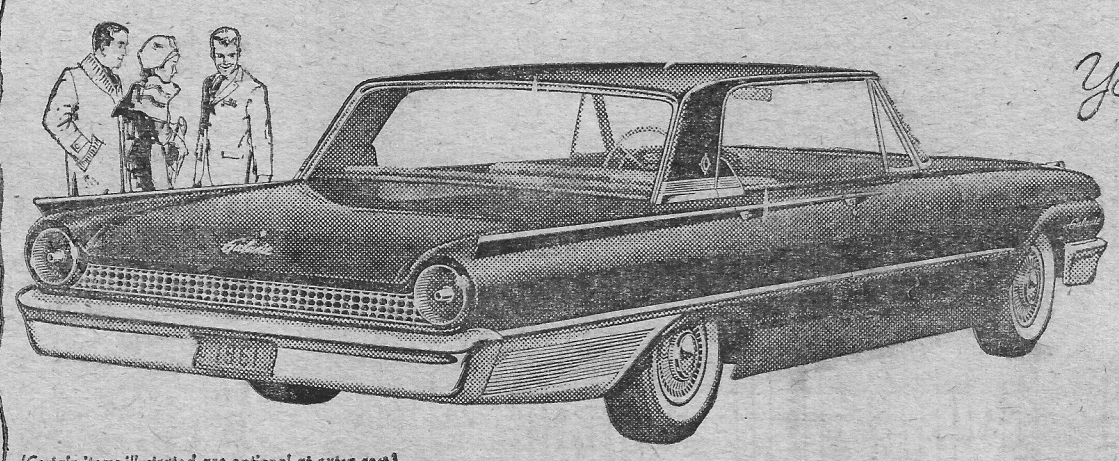
Adjusts its own brakes—The new, carefree brakes automatically adjust themselves for wear.

Protects its own body—All vital underbody parts are specially processed to resist rust and corrosion.

Guards its own muffler—Carefree Ford mufflers are double-wrapped and aluminized to normally last three times as long as ordinary mufflers.

Takes care of its own finish—Carefree Diamond Lustre Finish never needs waxing.

ANOTHER FORD FIRST: The written warranty on all 1961 Ford Cars is now extended to 12,000 miles or one full year, whichever comes first



Your Ford dealer has the carefree car you want!
